*Defiance by Sara Edwards – RHS Gold Medal and Best Green Living Space*

## RHS Malvern Spring Festival 'Malvern Shipping Container Gardens' 2020

At RHS Malvern 2019 we introduced the use of shipping containers for 'Green Living Spaces' garden category.

These five imaginative gardens were hugely popular with our visitors, exhibitors and judges. Two RHS Gold Medals were awarded to first time show garden designers.

The innovative use of recycled shipping containers created a great media interest and became the talk of the Festival.

Following this success, we are delighted to open the applications for a new category of gardens – Malvern Shipping Container Gardens.

### The Brief:

You are invited to apply for either a **6x6 meter Shipping Container garden** or **Freestyle Shipping Container garden**.

*The 6x6 meter Shipping Container garden* is a square site and must incorporate a 20ft shipping container as indoor space. It is important to consider the use of materials in a small space as well as the use of indoor plants.

*The Free Style garden* could be up to 100 square meters of any shape or form and must incorporate a 20ft shipping container.

If your application is successful you will be provided with a shipping container to work with. The container will be ply-lined with pre-cut to your specification openings for windows and doors. Please note, your specification should allow the public to view inside the shipping container.

If you would like to apply please fill in the attached application forms and either email to [nina.acton@threecounties.co.uk](mailto:nina.acton@threecounties.co.uk) or post to Shows Department, RHS Malvern Spring Festival, The Showground, Malvern, WR13 6NW
